

Announcements A communication tool that allows instructors to post announcements for all users in a course. Announcements can be created in courses and groups. Instructors can allow students to reply to announcements if they choose.

Assignments A 'drop box' where students can submit their assignments as files (.pdf, .doc, etc.), text entries, and more. Instructors can change availability dates, marks out of, due dates, etc. Assignments can be assigned to everyone in the course or differentiated by section or user.

Discussions

Discussions is a forum designed to facilitate informal communication between students in a course. Discussions can also be created as assignments for grading purposes. Students can also respond to informal and graded discussions in the context of a group. All Discussions content is public, and all course students can view and reply to a discussion.

The screenshot shows a discussion post in Canvas. At the top right, there is a green 'Published' button, an 'Edit' button with a pencil icon, and a three-dot menu icon. The post is titled 'Assignment 1 questions' and is associated with the group 'Three CIS' and 'All Sections'. The post date and time are 'Jun 21 at 10:12am'. The content of the post reads: 'Hi everyone, Has anyone successfully solved question 2? I'm stuck on the third step.' Below the text is a search bar labeled 'Search entries or author', an 'Unread' button, a visibility icon, and two arrow icons for scrolling. On the right side, there is a green 'Subscribed' button. At the bottom, there is a text input field with a 'Reply' button.

The screenshot shows the 'Discussions' list in Canvas. The list is titled 'Discussions' and is ordered by 'Recent Activity'. There are two discussion items listed:

Discussion Title	Status	Activity
Midterm exam testable material?	✓ ✓	0 0
Assignment 1 questions	✓ ✓	0 0

Files

Canvas provides a file repository for each user, group, and course. Files can be public or private. Folders can be created to organize the files as needed.

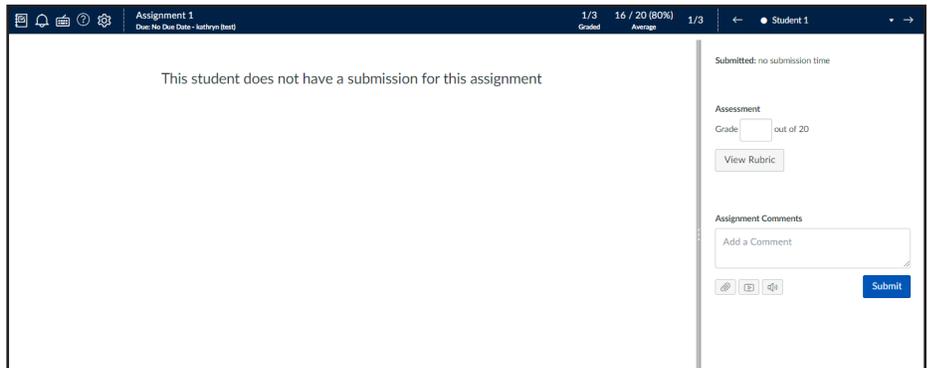

The screenshot shows the 'Files' interface in Canvas. At the top, there is a search bar labeled 'Search for files', a magnifying glass icon, and several utility icons (visibility, share, download, refresh, trash). A status bar indicates '1 item selected'. On the right, there are '+ Folder' and 'Upload' buttons. The main area shows a list of folders under the course 'Canvas Test Course (Kathryn)'. The folders are:

Name	Date Created	Date Modified	Modified By	Size	Status
2018W Files	Jun 12, 2018			--	✓
Connect Archive	10:16am			--	✓
image	Jun 12, 2018			--	✓
Lecture Notes	Jun 12, 2018			--	✓
Problem Sets	Jun 12, 2018			--	✓

At the bottom left, there is a progress bar showing '0% of 4.2 GB used'. At the bottom right, there is a link for 'All My Files'.

Gradebook / Speedgrader

The Gradebook stores information about student progress in Canvas. The Speedgrader function allows markers to grade assignments quickly.

Filter by student name or secondary ID

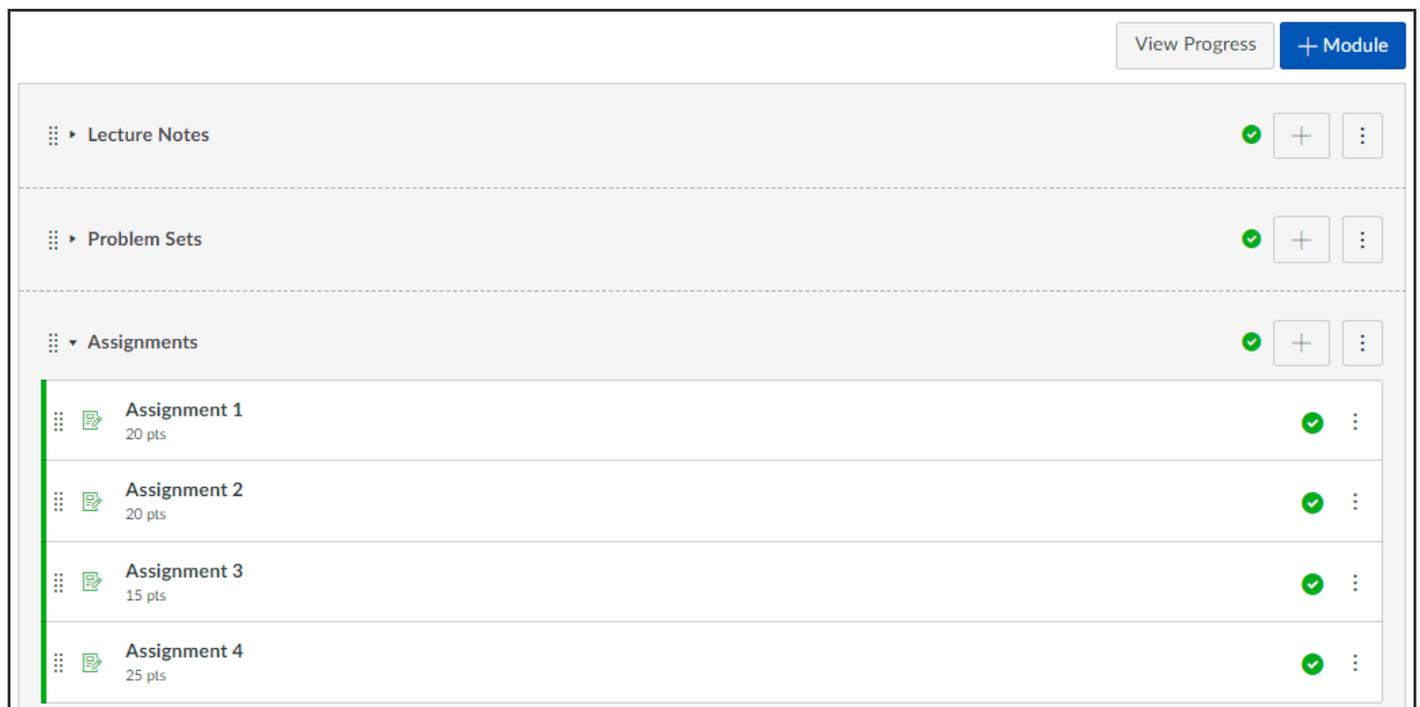

Import Export

Student Name	Secondary ID	Topic 3 Quiz Out of 5	Midterm Examination Out of 60	Final Examination Out of 85	Assignments 30.00% of grade	Topic Quizzes (not for marks) 0.00% of grade	Midterm Examination 20.00% of grade	Final Examination 50.00% of grade	Total
Student		-			0%	0%	75%	70.59%	50.29%
Student		-			20%	0%	100%	57.65%	54.82%
Student		-			0%	0%	0%	0%	0%

Modules

Modules is a tool that can unify all course content into structural components. Module content can be grouped by week, topic, or day. Text headers, files, quizzes, assignments, and pages can be added to a module. Modules can be set up to require students to complete materials in a sequential fashion, or be locked until a set date.

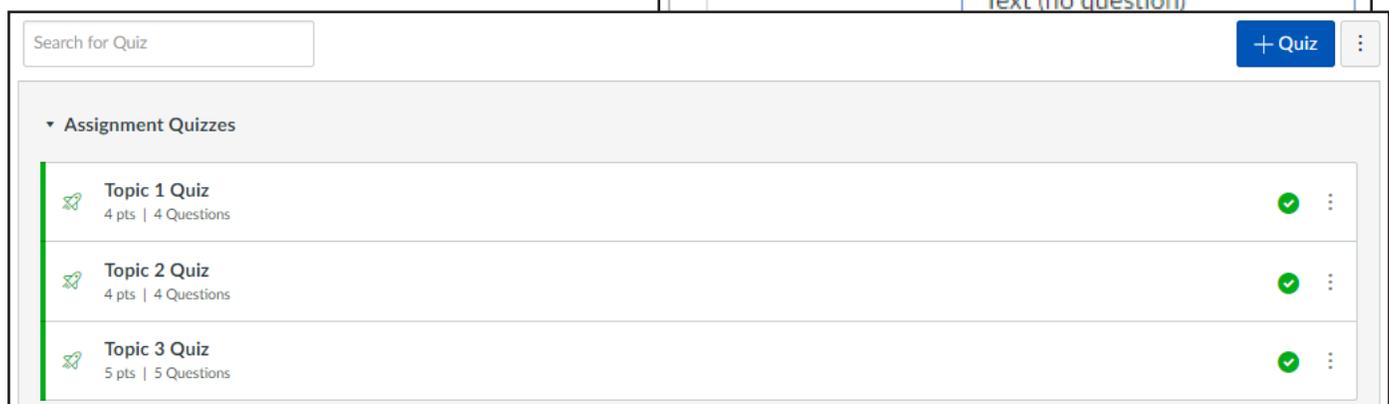

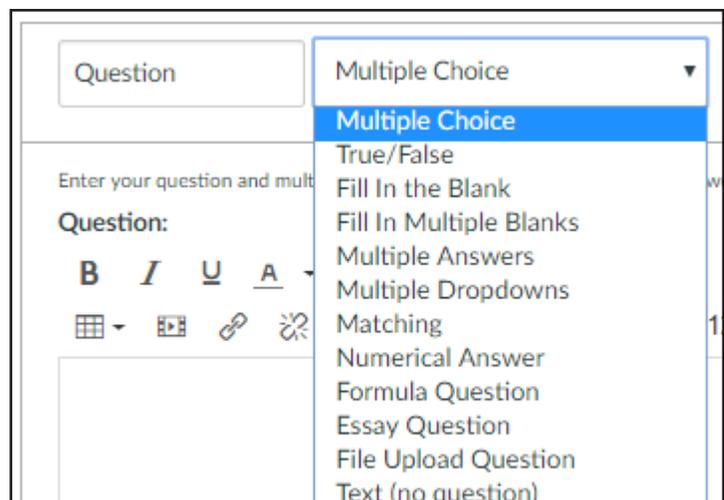

Pages

Pages comprises all pages created in a course. A page allows instructors to create content for a Canvas course. Instructors can use the Rich Content Editor (see next page) to add text, links, images, media, and more. The Home Page is an example of a Page, set as the course's front page.

Quizzes

Quizzes displays all quiz assessment types in a course. Quiz types include multiple choice, true or false, fill in the blank, matching, and more. They can be used to test students' knowledge of course material.

Rich Content Editor

The Rich Content Editor (RCE) is a text editor that supports instructors to create and format content within specific Canvas areas. There are styling elements such as **Bold**, Underline, *Italicize*, as well as functions for embedding media, hyperlinks, lists, tables, and more. The sidebar can be used to quickly link text to course links, and files or embed images stored in the course's Files. The RCE can be accessed when editing any text-based content such as Pages, Announcements, etc.

The screenshot displays the Canvas Rich Content Editor (RCE) interface. At the top left, there is a text box containing "Welcome to the Course". To the right, there is a "HTML Editor" button. Below these is a rich text toolbar with various icons for text formatting (bold, italic, underline, text color, background color), alignment, bulleted and numbered lists, indentation, link, unlink, image, video, and other media. The main editing area contains the following text:

Introduction to Canvas

Instructor: _____

Office Hours: _____

Course Syllabus

Important Course Links:

- [Lecture Notes](#)
- [Problem Sets](#)

At the bottom left, there is a status bar showing "p » span » strong" and "18 words". To the right of the main editor is a sidebar with three tabs: "Links", "Files", and "Images". The "Links" tab is active, showing a list of course links: "Pages", "Assignments", "Quizzes" (highlighted), "Topic 1 Quiz", "Topic 2 Quiz", "Topic 3 Quiz", "Announcements", "Discussions", "Modules", and "Course Navigation". A note above the links says "Link to other content in the course. Click any page to insert a link to that page." At the bottom of the sidebar, there is an "Options" section with a dropdown menu set to "Only teachers".
